Enabling Canada's Defence Future through Indigenous Partnership and Proven Infrastructure

Des Nëdhë Group, in collaboration with SaskTel, proudly presents a sovereign, secure, and scalable digital infrastructure platform built to meet the operational and modernization goals of the Canadian Armed Forces. At the heart of this partnership lies SaskTel's Uptime Institute Tier III Certified Data Centre in Saskatoon, SK — an enterprise-grade, defence-ready facility designed to support national security, technological innovation, and Indigenous economic empowerment.

OUR VALUE PROPOSITION TO THE CANADIAN DEFENCE SECTOR

A Trusted Crown-Indigenous Alliance

100% Indigenous-owned: Des Nëdhë Group brings reconciliation to the digital era—advancing Indigenous procurement priorities and OCAP® principles.

Public sector-aligned: SaskTel, a provincial Crown Corporation, provides compliance-driven infrastructure with Canadian data residency, designed and built to meet the stringent needs of defence and government.

Why the DNG-SaskTel Platform is Mission-Critical
